FIRST KILL — Danny Duncan, 13, son of Mr. and Mrs. Harold Duncan of 8835 Campo Rd., Spring Valley, went out on a deer hunt for the first time Oct. 24, and naturally, the first shot he fired brought down a nice big buck. The California Blacktail three-point 175-pound buck, which his father calls "the biggest one I've seen in the county since I've been here (1951)", was shot by Danny in the Black Mountain Region, northeast of Ramona. Danny, who attends Spring Valley Junior High, will have to wait until next season to go hunting again as he already has his California limit but father will be out to duplicate son's feat this weekend.

Monte Vista Ranch Brings $5.1 Millions

Sales escrow was set up Tuesday for the sale of the 3,450-acre Monte Vista Ranch, east of Spring Valley.

Superior Court records show that two Los Angeles firms are paying $5.1 million for the ranch, which was originally appraised at $10.2 million at the time of the death of Thomas E. Sharp — the previous owner — it was re-appraised at $8.5 millions.

The executor, in August, said the sale of the ranch had become necessary to pay federal state and inheritance taxes estimated at $4 million. Sharp died Nov. 29, 1959 and left an estate estimated at $25 million.

Principal beneficiary of Sharp's estate is his granddaughter, Diane, who will be 21 years old later this month. Estate assets on June 30 totaled $11,277,854, it is said.

The sale was made by Title Insurance and Trust Co. as executor of the estate and is subject to approval of Superior Court. Hearing will be Nov. 16.

Carmel Botte, trust officer for Title Insurance said that the purchasers had not revealed any plans for the development of the property.

The Los Angeles firms are said to have deposited $510,000 in the sales escrow.

Stadium Issue Wins Easily

SAN DIEGO (CNA)—The stadium issue passed in San Diego Tuesday by a "landslide."

In a 59% turnout, 100,725 voters said "yes." 38,756 said "no."

Al Nichols, assistant registrar, said the count was completed at 4 a.m. and the new vote counting machines worked well but "some training will have to be given to personell.'

In the election, which guarantees a stadium in Mission Valley, all incumbent councilmen were returned to office.

AUTO ACCIDENT — For the fourth time since February, an accident occurred at the intersection of Buena Vista and Central, Lemon Grove, last Friday. The driver of the station wagon on the left, Nellie Marie Findley of 7513 Roosevelt, Lemon Grove, was taken by Acme Ambulance to Grossmont Hospital with a possible broken back. Her car collided with a compact car driven by Carol Ann Shaddox of 3226 Cypress, National City. According to the California Highway Patrol report, the Findley car was travelling north on Buena Vista. Miss Shaddox was going east on Central when the station wagon failed to stop at the stop sign on Buena Vista and plowed into the side of her.

La Presa Zoning Approved

SAN DIEGO (CNA) — The County Board of Supervisors adopted the proposed zoning plan for North La Presa and followed all planning commission recommendations.

The district is north of Jamacha Road, west of Grand Avenue and east of Sweetwater Ln. The only problems have been in the southern one third or so. People living in the northern part were at least in large part satisfied with the proposed R-1, single family residential zoning.

There was considerable demand for M-1 (medium industrial) and C zoning in the south.

The board suggested that M-1 be given to a large block to the north of Harness Street. The commission said that R-3 (an apartment zone) was needed in the northern part of the section as a buffer from the R-1.

The DIMMER VIEW

CDC: Who's Got The Blueprint?

Former El Cajon editor-publisher Simon Casady, new president of the California Democratic Council, is as controversial in his elected office as he was in his editorial opinions in his Valley News.

He is, as he was as an editor, a voluble, vocative spokesman for the Democratic party. As an editor, not only did Casady espouse the Democratic cause, but he often reflected the more liberal elements of his party. His editorials in the newspaper he published in El Cajon were lucid expositions of his attitude and we often thought that Casady had his pleasures from observing the furrowed brows and red-angered faces of those he upset by his controversial emanations.

It was in this light that we considered the charges made against Casady, the CDC president earlier this month. Ross Staley, a CDC member of Pala Alto, accused Casady of defiling the tenets of the Democratic Party by, among other things:

1. Attacking public officials and projecting an erroneous public image of CDC;

2. Alienating the CDC from large segments of the Democratic Party including endorsed candidates and office holders;

Calling the President "a Texas cowboy who shoots from the hips"; and,

4. Characterized the President of having the mentality of a Texas high school teacher.

An interesting political fact is that Mr. Staley could have just as easily interchanged Casady's name with that of another well-known politician and the charges would not seem out of place.

As incongruous as it may seem, he could be talking about Dick Nixon and not an eyebrow would raise in question of the logic!

Men's Group To Create 'Casa de Oro Identity'

The Casa de Oro Men's Club campaign to bring "specific identity" to its community got off to a "remarkable start" Tuesday, according to Ron Svalstad, secretary-treasurer of the group. "It will be a Casa de Oro identity," he said.

"We signed up 20 members and each contributed a minimum of $10," he said.

"Two offered $50 each," Jim Van Dusen, club president reported.

The campaign listed as a "Community in Motion" project of the Men's Club Promotion Committee will utilize newspaper and radio publicity; street improvements, tree plantings, decorations, general promotions calling attention to Casa de Oro, and the establishment of a large sign identifying the community.

The club assigned a committee to contact each of the remaining 50 business firms along Casa de Oro Blvd. to urge them to participate in the project.

"We think most of them will want to have a part in it," Svalstad said.

A spokesman reminded the group that enthusiasm is as important an ingredient as anything that can be contributed. "If everyone lends a little backing, the boulevard will appear to be a long, attractive shopping center with plenty of appeal for the shopper."

The committee responsible for gathering in the other members includes R. Svalstad, Van Dusen, Joe DeCresente, Dr. Martin Williams, and Jack Kelso.

A commitee will be named by the Men's Club to present promotional ideas.

"No money will be spent until projects are approved by the Club," Van Dusen said.

Bankruptcy Asked For L.M. Bowl

By County News Assn.

SAN DIEGO—An involuntary bankruptcy suit has been filed in Federal Bankruptcy Court against the La Mesa Bowl Corp. by the American Machine & Foundry Co.

The petition alleges that the Bowl's debts total $1 million or more and that the American Machine Co. has an unsecured claim against the Bowl for $30,528.69.

The petition also asks the court to issue an order against The Teamsters Union Pension Fund to show cause why it shouldn't be restrained by the court from proceeding with its foreclosure suit against the La Mesa Bowl. The Pension fund filed a foreclosure suit Sept. 15 against the La Mesa Bowl, Corp., American Machine & Foundry Co., and the AMF Pinspotters, Inc., contending the Bowl owes the Pension fund $1,183,267.

The company alleges that the Bowl committed an act of bankruptcy on Sept. 15, 1965, when it hired Herman Bischoff, a receiver, to take charge of its property.

The Men's Club meets on Tuesday at the Golden Bowl. Men with an interest in Casa de Oro are invited.

Asks Release From Jail To Have Baby

SAN DIEGO (CNA)—A former Spring Valley woman convicted of pandering has asked the Superior Court to release her from her jail sentence for maternity care and permit her to serve the remainder of her time on weekends.

She is Mrs. Diane Winifred Vest, 21, formerly of 452 Sacramento Ave., who is pregnant with her fifth child.

Mrs. Vest appeared with her attorney, Thomas Whelan, before Judge Verne O. Warner Friday. Whelan said Mrs. Vest has an infection which has not responded to treatment and needs to see a private physician.

Judge Warner said Mrs. Vest's sentence of three years' probation and 90 days in jail was a light one due to her pregnancy. He said he would not grant the request without medical testimony and set Nov. 5 for Mrs. Vest to return to court with such evidence.

Her 90-day jail term will end Nov. 20.

THE MODEL PRAYER

Our Lord gave us definite instructions on the subject of prayer. We call it the "Lord's Prayer". "I will therefore that men pray everywhere"; "the effectual fervent prayer of a righteous man availeth much". The church built the whole practice of the Christian life around regular prayer. The Apostles accepted it.

For example, try making a Chipped Beef & Sour Cream Casserole in your electric skillet. Prepare it in advance and it will stay warm until you're ready to serve. At our 1st program (Nov. 9 from 10-11:30 a.m.), entitled "Buffet Entertaining," we'll show you how to make this gourmet casserole plus many more delectable dishes . . . Mushroom Rice with Cream Cheese Filling, Christmas Jewel Cake and Cranberry Relish.

At our 2nd program (Nov. 23 from 10-11:30 a.m.), we are going to give you a sneak preview of our "Holiday Recipe Booklet." It's just full of exciting recipes for Christmas cookies, candies and cakes — and you know how your family loves those. And, they make marvelous gifts for your friends, too. We'd like to show you how you can plan ahead and have more time for entertaining and all those other last minute chores that always face us during the holiday rush.

Christmas Seals Now Available

Although the 59th Annual Christmas Seal Campaign will not open until Nov. 15, 1965 Christmas Seals are now available for use on gift packages and holiday cards to be sent overseas, according to Dr. Amorita Treganza, Lemon Grove-Spring Valley area chairman of the Tuberculosis and Health Association of San Diego County.

Early availability of Christmas Seals stems from the post office request that ordinary oversea Christmas parcels be mailed by Nov. 10. The closing date for oversea air parcels is Dec. 10, she explained.

"Because Christmas Seals, traditional symbols of the battle against tuberculosis and other respiratory diseases, may serve as reminders of home for members of the armed services and others living abroad, we are making them available now," she said.

Christmas Seals may be obtained from the Tuberculosis and Health Association of San Diego County at 3861 Front St., San Diego, or by telephoning.

To assure that gift parcels reach their destinations in good condition, she urged following of this post office advice:

Put your gifts in boxes of wood, metal, fiberboard or double-faced corrugated cardboard. Use enough cushioning material to prevent articles from rattling or sliding around within the package. Wrap in heavy paper, address it clearly, and tie it securely with strong cord.

"And decorate it with lots of Christmas Seals," Dr. Treganza said.

Pretty Corners Can Be Hazardous

In San Diego County the greenery seldom dies. Hedges and shrubs planted to beautify the landscape by local residents have a happy arrangement of not only staying green but of thriving and growing.

As beautiful as the green of a plant is, it can be just that deadly, too.

The hazard is created at intersections when these plants screen the vision of motorists. One result is that there have been several collisions here recently due solely to lack of vision because of heavy growth at the corner.

Several years ago this newspaper sponsored a "corner daylighting" program and it was a successful venture. We toured the Spring Valley-Lemon Grove area in the company of a county safety engineer. Later, we published a list of corners deemed by the committee to be dangerous.

Some property owners went to work on their shrubs and made the corners safer. Others ignored the suggestion.

In some instances, neighbors called on the corner property owners and some arguments resulted leaving hard feelings.

For that, and other reasons we are not publishing a list this year. We only suggest that every corner resident appoint himself a committee of one and examine his corner for hazards to safety.

There is the satisfaction of knowing that any accident that happens on that corner is not the result of screened vision.

There is also the happy possibility that the person who might avert a collision because of daylighting might be you.

Craig Uhlig, 13, a Spring Valley Junior High School student, shows off three of his prize-winning rabbits. Craig, the son of Mr. and Mrs. M. Uhlig of 9457 Montemar Dr., Spring Valley, won 11 first place prizes, five seconds, two fourths, one sixth, one eighth and three ninths among 24 entries in the recent American Rabbit Breeders Association Junior Division meeting at the Los Angeles County Fair in Pomona. Craig also won the following: Best Copper Satin, Best California Satin, Best Display of Satin Breed, Best Display of Giant Flemish and second best Meat Pen in judging for quality. He was fourth runnerup in the King Contest for the sweepstakes championship. Two years ago, the local youth won the national championship.

S.V. Citizens' Group Lists Nominees For '66

The County Board of Supervisors has referred a letter of protest about teenage dances at the S. V. Chamber of Commerce building to the Sheriff's Department it was announced at the regular meeting of the Spring Valley Citizens' Association. The letter was sent last week by the Association. Supervisors took action Tuesday.

There was no indication when the sheriff's report will be made.

Officials of the Association pointed out Tuesday night that properly supervised teen-age dances are held regularly at schools of the Grossmont Union High School District and that the argument that there was no place for teen-agers to dance were erroneous. Roland Gilmer, president, said the statements had been made by juvenile authorities and Chamber officers.

A slate of officers was presented by the nominating committee. These will be voted upon at the Dec. 7 election meeting.

Nominated were: Earl Roland, president; Froud Stone, vice president; Don Clark, 2nd. vice president; Norma and Ed Villalobos, secretary and treasurer, respectively.

The Association agreed to participate in the obtaining of street lights for Bancroft Ave. The project is one that is being sponsored be the S. V. Woman's Club.

If you have an electric toothbrush you can brush twice-a-day between electric bills.

California Rates Rate Lowest In US

Rates charged Californians for natural gas, electric and telephone service are among the lowest in the nation, it is indicated by the annual survey by the California Public Utilities Commission of the combined monthly charges for the three services in the 25 largest cities of the nation.

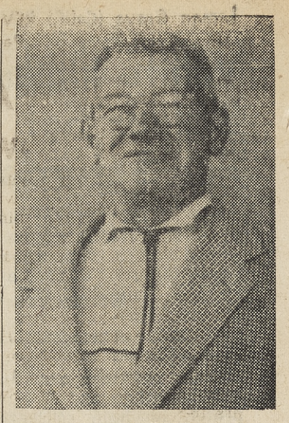
Frederick B. Holoboff, Commission president, said San Francisco has the lowest rates of any among the 25 cities with Los Angeles as second lowest and San Diego eleventh.

In San Diego, the combined charge per month for typical residential usage of 70 therms of gas, 250 kilowatt hours of electric energy and individual line telephone service is $19.66.

In other cities the combined charge of 14 are above $20 per month, ranging upward to $34.86 in Boston for exactly the same amounts of service as Californians receive for less.

The survey is based on rates in effect June 30, 1965, and eliminates the effect of climate conditions by comparing charges for the same amounts of service.

The three California cities are the only ones of the 25 which have basic telephone charges for one-party residential service of less than $5 per month. In Los Angeles the rate is $4.10, in San Diego $4.45 and in San Francisco $4.60. In other cities the charge ranges from $5.50 up to $9.40. The amounts do not include the federal tax.



Ted Phillips Retires Here

Through the "Roaring 20's into the Space-age 60's," has been the record of Theodore "Ted" Phillips, of 3546 Helix St., Spring Valley, well known civic leader, who retired from Civil Service Oct. 29.

"Paid off" at North Island, Phillips has 38 years to his credit. One of the youngest persons to be admitted to Civil Service, Ted's application and acceptance was back in 1922 in Peoria, Ill. His first position was with the U. S. Weather Bureau in Peoria, which was located on the campus of Bradley Polytechnic College. Ted worked part time with the Bureau and went to Poly the rest of the time, learning all he could about radio and physics, connected with his work.

In 1938, Ted and his wife, Charlotta, were married. In 1942, they decided to come to California, so he terminated his duty with the Weather Bureau and they headed for San Diego. Arriving here Ted decided to take a job in the airplane plants, which were going full blast, due to World War II. For the next five years he worked first at Convair and then at Ryan.

When the plants started to lay off help, Ted applied and was accepted as a radio mechanic at North Island. Later the Navy accepted him as a permanent employee, with 20 years behind him; and with over 18 years to go.

During Ted Phillips' tour of duty at North Island, the Navy accepted several of his suggestions for the improvement in electronics and radio equipment in airplanes and helicopters. His final assignment was in ground check and emergency repair.

Asked about his career, Ted said, "My Civil Service career has been a varied and interesting one."

He pointed out that most of his work has been testing and checking out of electronic equipment for Naval aircraft, "A vital part of our defense," he said proudly.

But during his time here, Ted Phillips has not lost track of the Weather Bureau. He said there have been many changes in techniques and equipment; such as Isontropic," or forecasting. He said the Bureau now is more concerned with warm and cold fronts. And, he pointed out, "we now have Telestar, with its stationary position in the heavens, so that there can be no mistakes."

In local civic work, Ted and wife have been members of the Spring Valley Chamber of Commerce for 14 years. For 12 years Ted was a board member, with one year as second vice-president, and one year as first vice-president.

What plans are ahead for the Phillips'? To take it easy, do some traveling and tend to their hobbies, Ted's being literature, writing, history and politics. Charlotta's is registering voters and discussing politics.

SD Chargers In Denver; Hope For Quick Comeback

The San Diego Chargers travel from the depths to the heights this week.

The depths were probed last weekend as the Chargers fell victim to a nasty Hallowe-en caper and had their unbeaten season unmasked by the Boston Patriots, 22-6.

The heights, the mile-high altitude of Denver, will be the next stop for the Chargers when they tangle with Cookie Gilchrist and the Denver Broncos at Bears Stadium Sunday. Kick-off is 12:30 (PST) with NBC television (KOGO-10) and KFMB radio on the scene.

A near-capacity crowd of more than 30,000 is expected to welcome home the Broncos despite an unsuccessful road trip to Buffalo and New York. Denver has a record of 3-5 to rank last in the rugged Western Division of the American Football League. San Diego is first with 5-1-2.

But the Chargers know how meaningless are past results (Boston had not won a game before last weekend) and how well the Broncos are capable of playing. Denver gave San Diego a tremendous battle before succumbing, 34-31, in the season's opener at San Diego.

In that game, the Broncos of coach Mac Speedie scored more points and gained more yards (330) than any other Charger opponent this season. San Diego's respect for Gilchrist, the 252-pound all-league fullback, is as large as Cookie.

Charger coach Sid Gillman had no excuses for the Boston defeat. "They just kept coming at us, and we couldn't do anything about it," said Sid in analyzing the futility of the Charger offense against the blitzing and stunting tactics of the Patriot defense.

Quarterbacks John Hadl and Don Breaux were spilled for losses six times for 78 yards and had four passes intercepted.

On the ground, the Chargers were limited to 80 yards, their lowest output of the season.

Along with the failure of execution were two costly mental mistakes. Speedy Duncan ran a punt back into his own end zone and was tackled for a safety. Hadl neglected an open field to throw an incomplete pass from in front of the line of scrimmage in a crucial fourth quarter situation deep in Boston territory.

To add injury to insult, San Diego lost two starters from its strong defensive platoon. Rookie linebacker Dick Degen suffered a sternum separation and will be sidelined from three to four weeks. Safetyman Bud Whitehead, who leads the team in interceptions with five, will be out from two to three weeks with a rib separation.

Rookie Rick Redman will replace Degen and Kenny Graham, who missed the last two games because of a pulled muscle, will return in Whitehead's place against the Broncos.

Memorial Gifts Given To Charity

A total of $3,107.50 was contributed in October to the Heart Fund of the San Diego County Heart Association in the form of memorial gifts honoring 184 persons, it was announced today by Steve G. Oberg, association memorial gifts chairman.

"Memorial donations are becoming an increasingly more important source of funds to support heart research nationally as well as locally. For instance, last year memorial contributions to our local Heart Fund totaled $34,000 as compared with $18,000 five years ago."

"This means an almost 50% increase in the dollars available to conduct studies to reduce the death and disability caused by heart diseases," he added.

The contributions in October were made by 340 individuals and honored 119 county residents and 65 residents of other cities.

The persons remembered in the Lemon Grove area were Harry L. Jenkins, 8118 Brock Ct.; Robert E. Moore, 6781 Hibiscus Dr.; Marlene Myers, 3710 Jill Ln.; Pearle Ann Roulo, 3170 Olive.

Remembered in the Spring Valley area was Frank Kelsaw, 8863 Troy St.

Personal Income In SD County To Keep Growing

Ten years of steady economic growth is forecast for San Diego County by Harold L. Buma, associate director of economic research for the Bank of America.

Buma, a staff member of BofA's San Francisco headquarters, made the forecast recently at a luncheon sponsored by the San Diego Chamber of Commerce. More than 250 business and professional people attended it.

Buma said San Diegan's effective purchasing power will rise 10 per cent during the next ten years. Aerospace employment will sag slightly during the period but electronics jobs will fill the void. San Diego "seems to have weathered the economic storm" caused by the loss of 27,000 jobs in the aircraft-missile industries, he said.

Population will grow about 1½ per cent a year. In boom years the growth was 20 per cent, Buma said. The average for the past 10 years has been abut 5 per cent, he added.

"Focus on San Diego County," a 22-page report substantiating the figures was distributed at the luncheon. The report was developed by the bank's staff.

No Stock Dividends At San Diego Imperial

The board of directors of San Diego Imperial Corp. have voted not to issue a 5% stock dividend as was done in prior years.

Jack H. McDonald, president, pointed out that this decision took into consideration the relatively low market price at which the common stock of the corporation is selling and the apparently adequate marketability which the stock enjoys. He said the board felt that payment of a stock dividend at this time would not benefit either the stockholders of their corporation.

Guest Soloist

Pianist Conrad Bruderer will be the guest soloist with the San Diego State Symphony Orchestra for its annual fall concert Sunday. The free concert will be given at 8:15 p.m. in the auditorium of Crawford High School, 4191 55th Street.

Top quality avocados are being demanded more and more by the produce trade today as the fruit becomes better known.

Prizes will be awarded in various categories including senior men, women, father and son and others. Also, there will be classes for group and team shooting. National and local awards will be made to top marksmen. The day and night trap and skeet competition will be open to persons of all ages, from beginners to experienced shooters.

Entry blanks may be obtained from the range by writing Eley at P. O. Box 3205, Chula Vista, or from the San Diego County Heart Association, 3545 Fourth Ave., San Diego.

Two Mount Miguel High Students Credited With Saving Girl's Life

Two juniors at Mount Miguel High School, this past week, were credited with helping to save the life of a girl student. They were Steve Isley, whose parents live in Spring Valley, and Ronald Coker, whose parents live in Lemon Grove. The girl was Patricia Lundquist, whose parents live in Brookside.

According to the Spring Valley Fire Department ambulance crew and witnesses, Patricia was in the band equipment room on Oct. 26. Stopping beside a shelf, she was hit on the head by a heavy band hat and knocked unconscious. Then someone remarked that Patricia had "stopped breathing."

Steve Isley and Ronald Coker, were in the group of students standing near; both had taken first aid in conjunction with driver education. Immediately Isley began mouth-to-mouth respiration, and soon his act was taken over by Coker, who continued until the S. V. ambulance crew arrived with oxygen. Patricia was then taken to Grossmont Hospital, and was back home this Monday. The two boys were commended by the Fire Deparment for their quick thinking and ability to revive the girl.

Baby Delivered

Mrs. Joan Lewis, 32, of 9303 Lamar St., was taken to Navy Hospital on Oct. 25, but not until two neighbors had delivered her baby. The neighbors were James Mings and Mrs. L. A. Whitaker. It was a baby girl, weighing 5 pounds, 11 ounces. Mrs. Lewis, who has four other chilrren, said the "mid-husband and mid-wife" did an excellent job, as did the ambulance crew. Her husband is a retired Navyman.

The S. V. ambulance crew on Oct. 26. took John Chestnutwood, 61, of P. O. Box 37, Spring Valley to Navy Hospital, after he was hit by a car at Campo Rd. and Bonita St. According to the California Highway Patrol Chestnutwalk was in a crosswalk, when he was struck by the car, driven by Avery O. Michael Constance, 19, of 4234 Miriam Pl., La Mesa, was taken to Navy Hospital on Oct. 30, after driving his car off the road at Calavo Dr. and Campo Rd. According to the CHP, young Constance failed to make a sharp curve. He suffered bruises and abrasions.

Dana Stewart, 12, of 9126 Maynard, was taken to Stevenson Memorial Hospital on Oct. 31, after she fell from a bicycle. She suffered laceration of the left eye and injury to the chin and nose.

Fires

Oct. 25. About $50 damage was done to a broiler and kitchen of a mobile home, belonging to Oliver Scott, 9902 Jamacha Blvd., on Oct. 25. A fire caused by a burning steak, was given as the reason.

Oct. 27. A dry grass fire was extinguished at Sweetwater Ln. and Harness. No damage reported. Cause was undetermined.

There were three fire calls on Oct. 28; a grass fire in the 600 block, Sweetwater Rd., possibly caused by a burning cigarette, thrown from a car, no damage reported; a grass fire at 9100 Jamacha Rd., caused by children with matches; and food burning on a stove at 8943 Orville, caused smoke damage.

LETTERS TO THE EDITOR

Dear Editor:

Even though late, I do want to mention how much I enjoyed a particular part of Crazy Days. I never did see any wandering man whom I could question, but I walked the town from one end of Broadway to the other reading the delightful signs in the windows. Most of them gave me a chuckle, some an outright guffaw.

Anyone clever enough to do so many diverse signs and incorporate humor in most of them should be given credit. If you know who it was will you publish the name with the credit in next week's paper?

Sincerely,
Mrs. Candy Walker

(Editor's note: That clever sign maker was Jack Ashbrook, manager at Sprouse-Reitz).

Mrs. L. F. Vlach, ways and means chairman, has announced that a pancake breakfast will be held in the clubhouse from 9 a.m. until 1 p.m. Nov. 10.

Galbraith of the University of California, San Diego, will address the San Diego Open Forum, Sunday at 8 p.m. in the auditorium of the First Unitarian Church, 4190 Front St. Second speaker in the current forum series on "Individual Freedom and Government Power," Chancellor Galbraith will discuss "The University in American Society."

It behooves the wise traveler to eat the food of the country and drink its wine.

Parapsychology Experts Predict the Future

Two members of the California Parapsychology Foundation, Inc., were guest speakers at Friday's meeting of the Spring Valley Rotary Club.

Dr. Harold Buker, D. D., a board member and retired Baptist minister, spoke first, giving a background on the foundation, pointing out that Parapsychology is a form of mental telepathy and predicting. He spoke of haunted houses and said the Whaley House in Old Town (San Diego) is an example. He said someone he knows heard "footsteps" in the Whaley House. And also a chair began to move like someone was in the room.

Dr. Buker said, "We are wonderfully made. We are in the age of wonders. Think of flying coast-to-coast in five hours," he pointed out.

He added that the exploration of the mind is being studied extensively by various groups. "We have a variety of 'gifts' and that many of us are able to cope with the invisible.

"He said he knew of a certain man who went on trips and never took a map, but was directed by voices. He said he, himself, has had experiences too many to mention, and has communicated with "those on the other side."

Asked if Parapsychology bordered on spiritualism, Dr. Buker said, "parapsychology has groups communicating but differs from spiritualism in the sense that it is not a religion."

He urged everyone to read the book "What E. S. P. Can Do For You," by Harold Sharman, in which he gives a good picture of the subject.

Mrs. Kay Sterner, president and founder of the foundation, said she formerly was in the field of education and that her organization is encouraging professors in all fields throughout the world.

She said, however, she is sorry to learn that the Russians are far ahead of us in the field of parapsychology in their endeavor to "rule the world." (Mrs. Sterner is soon to leave for India, where she will help in this field.)

As her part in the Friday program, Mrs. Sterner took objects from Rotary members and told a few things about each one. One member, John Blackford, asked her about the future of Spring Valley. He wanted to know if there is a possibility of the Valley annexing to San Diego. Mrs. Sterner replied, "Definitely no. Too many people are against it."

She said, however, that she believes Spring Valley "will have its own municipality. With the local growth, Spring Valley will be a tremendous community."

Regarding the rest of the world, Mrs. Sterner said she foresees a "breakout" somewhere besides Vietnam.

Dick Fisk of the Pacific Telephone will be guest speaker at the Nov. 5 meeting. Dressed as a river boat gambler, he will tell about the odds of accidents in the home.

CWU Meets SB Gauchos

After a week off from the gridiron wars, California Western University returns to action this Saturday afternoon, meeting a strong University of California at Santa Barbara club on the latter's field.

Coach Al Lewis' Westerners, who are on a three-game winning streak, will be at full strength for their battle with the Gauchos. Jackman LeBlanc, top CW running back who missed the last two games because of a thigh injury, will return to action and Tommy Meekins, outstanding linebacker, has responded to treatment of a leg injury sustained two weeks ago against Cal Poly of San Luis Obispo.

Last year when Cal Western and Santa Barbara met for the first time, the Westerners scored late in the game to win, 9-7.

Gaucho's High

This year Coach Jack Curtice's Gaucho's have been riding high, wide and handsome and are currently sporting a 5-1 record. Their most recent victory was 14-13 over Santa Clara, just last week, which knocked the latter team out of the unbeaten ranks after five straight wins.

In rolling up a 5-1 record, Santa Barbara has lost only to strong California State College at Long Beach, 28-7 while victories have been recorded over San Fernando State, 20-0; Redlands, 47-0; U. of Nevada, 21-18; U. of California at Davis, 34-6 and Santa Clara, 14-13.

The Westerners, who are 4-2, opened the season by defeating the U. of Mexico. 35-6 and then dropped consecutive games to California State at Los Angeles, 35-8 and Occidental, 12-2 before regaining their winning ways and downing Chico State, 21-17; Whittier, 14-12 and Cal Poly (SLO), 17-0.

Griffins In Battle For Second Place

Pacific Southwest Conference leader San Diego City College will host Grossmont College Saturday night at 8 p.m. on the Balboa Stadium turf.

The Knights, defending PSC titlists, appear headed towards their second straight title and a win over the Griffens would clinch it for Harry West's club.

Bob Rump's Griffins, currently at 3-2 in PSC play, are tied for second with Mira Costa, Palomar and Mesa and could well use a win to stay in contention for runner-up honors. City College is 5-0.

The Knights, who are 5-2 overall, boast one of the biggest and strongest defensive lines in the state junior college ranks.

At the tackle spots, they have giant Richard Gauthier (300) and former Hoover High teammate Tom Baltzer (240).

Ends Duane Freeman (225) and Chip Oliver (215) round out the front four.

Offensively, the Knights lean towards quarterback John Proctor and conference-leading end Tom Nettles.

Grossmont can counter with QB Wash Walker and end Dave Nuttall, who caught 10 passes last week for 211 yards and three touchdowns.

In that game, Grossmont walloped out-manned College of the Desert, 48-6, in the final home game of the season at Valley Stadium.

The Griffin offense set a new school record Saturday by racking up 478 total yards. The defense also eclipsed an old mark by limiting COD's Road runners to a 48-yard total of fense.

Rick Blanchard, former all-Grossmont League halfback from El Cajon Valley High, paced the fast-improving ground game with 103 yards in 20 carries.

Windansea Surfers To Defend Title In Hawaii Tourney

Members of the Windansea Surf Club of San Diego will take a three-week trip to Hawaii to defend their Makaha International Surfing championship.

The famous surfing organization will leave Dec. 15 and will return to San Diego Jan. 3.

The club will also compete in the Waikiki Paddleboard Championships and the Duke Kahanamoku Invitational.

Ninety members are scheduled to make the trip. They will stay together at Camp Puukahea in Wainae, near Makaha.

Windansea will bring special greetings from San Diego Mayor Frank Curren to Honolulu Mayor Neal S. Baisdell and from California Governor Pat Brown to Hawaii Governor John Burns.

Grossmont College Sweeps Mt. San Antonio Invite

Grossmont College's cross country squad, coming off an impressive victory in the Mt. San Antonio Invitational Run last weekend, will be favored to capture the Aztec Invitational once more this Saturday.

Coach Ron Vavra's harriers were crowned Small School Junior College and Overall Champions last week at Mt. Sac.

Erich Russell, who competed for Helix High last season, won first place with a time of 16:51, besting defending champ Bob Lamorandier, also a Griffin, by 13 seconds. "Lam's" time was 17:04.

Grossmont's team scoring was 35 points. Second-place Souhwestern was far back with 112.

Vavra, one of the finest mentors in the J. C. ranks, was named the J. C. "Coach of the Meet," an honor bestowed upon him last year.

He also received the high school "Coach of the Meet" award in 1963, when he led his powerful two-time CIF champion El Capitan Vaqueros to victory.

Other runners placing for the Griffins were Mike McConnell, ninth; Bob McKenna, 10th; Phil Davis, 12th; Vern Wilkinson, 16th; and Jim Caster, 18th.

Saturday's Aztec Invitational, which the Griffins won last season, will begin at 3 p.m. on the practice field west of Peterson Gym at San Diego State College.

Final Plans Set For Show

Barry Davis, president of the Coachmen Car Club of San Diego, has announced that all details have been finalized for the 12th annual Pacific Southwest Custom Car and Speed Show, to be held in San Diego's $21,000,000 downtown Community Concourse, Nov. 5-7.

Davis said that the entry list shows 83 custom cars, 77 competition machines, 11 speed boats, 62 motorcycles, 10 quarter midgets, 62 commercial displays, 13 public service displays and about 200 model cars, go karts and miscellaneous.

Feature cars include a gasoline driven free-flight air car which will provide rides for the daring and the photographers continuously from the Concourse terrace. Other feature cars include a $75,000 Cadillac which will be demonstrated hourly, the movie cars of Dean Martin and Frank Sinatra, and the Milk Truck, a zany hot rod which was a recent cover car for a national magazine.

Big Daddy Roth, national idol to millions of youngsters, will be on hand with his newest creation, Wishbone.

"On the entertainment side," Davis said, "thirty-five combos are entered in the Starmaker Contest and thirty-three girls vieing for the title of "Miss Teen World San Diego."

Continuous racing and surfing movies, a shindig show, numerous dance and talent contests and nine hi-debber style shows will provide a well rounded program having something for every member of the family.

Last March a similar type show overcrowded the spacious Community Concourse to the point where firemen closed the doors three times. Davis predicted even larger crowds for the current show. Doors open at 6 p.m. Friday and at 11 a.m. Saturday and Sunday.

CROSS-COUNTRY — Monte Vista has one of the finest harrier outfits in the prep ranks this season. Coach Bob Larsen's crew has remained unbeaten in all levels of competition. Five of the reasons why the varsity has swamped all competition are pictured above: They are (l-r) Bruce Masse, Danny Ungricht, Don Olsen, Rod Stevens and Dave Matheny.

Monarchs Rule Cross-Country

Bob Larsen is building a dynasty at Monte Vista High School.

The likeable Monarch cross-country coach has taken the Grossmont District League's smallest school and has built it into the largest powerhouse in the thinmen ranks.

Last weekend at the Mt. San Antonio Invitational, Larsen's forces won all four of their races to reign supreme among area harriers.

"This is the best team we've had," says Larsen. "They did an outstanding job last week."

Races Won

"We took 28 people to Mt. Sac and won all of our races. Only five or six kids will graduate from the complete squad," he adds.

The Monarchs, led by juniors Dave Matheny, Don Olsen and Rodney Stevens, scored 50 points in their race (one of 146 races) to finish first for the third straight year.

Matheny was fifth, Stevens seventh, Olsen eighth, Bruce Masse 10th and Danny Ungricht 20th to lead the varsity. These top five runners enabled Larsen's unit to break the old top-time record of 54:19 set by Westminister of Los Angeles. Monte Vista combined five runruners in 54:04.

In the junior varsity race, Ron Calfee finished second to lead his club to a first-place team finish. The Monarchs had a low of 34.

Van Wagner

In the sophomore race, Kim Van Wagner, who competes on the varsity during dual meet competition, came in first as Monte Vista scored a meet low of 18 points. That was the best in 146 races!

Freshman Dave Hanna was second individually as the Monarch frosh also won, posting a low of 37.

It would be natural that a team might become a little fat-headed after success like this.

But it's not so at Monte Vista.

"The kids are excellent to work with. They all work together real well. And we haven't really reached our peak yet," Larsen believes.

Always Improving

"As a team we're steadily improving. The top three (Matheny, Olsen, Stevens) are all juniors and just about even in competition."

He compares his club favorably with the state meet champions from El Cajon High (1956) and the El Capitan two-time CIF champions of 1962-63.

The Monarchs have not lost a race in any sort of competition on any level this year and it would be tough to bet against them at any time.

Other prominent fixtures on the Monarch club are Chuck Camp, Phil Luque, Ron Calfee and Wayne Camp.

Lederer Leads

Leading jayvees are Don Lederer, Robin Varner, Larry Skeels, Dale Olsen, Brent Wilson, Mark Clark and Dan Matheny.

Freshmen Dave Carter, Ray Santos, Wayne Comfort, Dave Hanna, Paul Columbo and Tom Wilkerson give support to the unbeaten frosh aggregation.

El Cap Beaten

Monte Vista defeated El Capitan, 17-49, Tuesday at El Cap to remain undefeated in league. Don Olsen was the winner.

The Monarchs will be out to capture the Aztec Invitational championships this Friday in the meet at San Diego State College.

Mount Miguel's Matadors will also enter the Aztec competition. The Matadors, coached by Dick Sweet, finished fifth at Mt. Sac in varsity and third in jayvee. They were freshman class winners with Tom Lasher second.

The final session will be on the snow at Snow Summit, Big Bear.

Miguel Hosts Foothillers

Mount Miguel, in a four-way tie for first place in the Grossmont League standings with Grossmont, Helix, and El Cajon, will meet the Grossmont Foothillers Friday at 8 p.m. on its own home field.

The Matadors squelched Santana, 26-7, last weekend while Grossmont was losing its first league start to Granite Hills, 6-0. Miguel thumped Granite Hills, 18-6, earlier in the season.

Monte Vista, which lost to Helix, 34-0, last Friday will be seeking its first loop win ever against upstart El Capitan, which popped El Cajon, 33-21, to hand the Braves their first loss in five games for the year.

The Matadors have a 3-1 mark, having defeated Santana, El Capitan (42-12), and Granite Hills. They lost to Helix, 26-7.

Grossmont beat Monte Vista (20-0), El Capitan (21-7), and Santana (21-13).

Daine Demaree leads the Matadors machine on offense while Larry Hancock, also a small speed burner, is top man on the offensive totem pole at Grossmont.

Monte Vista has not entered the win column in the Grossmont League standings since it began grid competition in 1961.

Until last week, it looked like they might against El Capitan, as the Vaqueros had failed to win in three starts. However, the Lakeside eleven caught El Cajon at the right time and won in a topsy-turvy contest.

Monte Vista will play the Vaqueros at Helix Stadium beginning at 8 p.m.

Meeting Set

The San Diego Bromeliad Society will meet at 7:30 p.m. Monday at Hardin's Bromeliad and Succulent Gardens, 9209 Harness Rd., Spring Valley.

Local School District Eligible For Fed. Funds

Most California school districts are entitled to join in a new federal program for disadvantaged children, it has been announced by Wilson C. Riles, acting state director of compensatory education.

California's share in the billion-dollar program is $78,886,285 during the initial year, and any district with a sufficient number of children from low-income families may apply to the State Board of Education for funds up to a specified amount.

Of the state's 1,357 districts, Riles said, all but 142 elementary and 5 unified districts are eligible for aid. A district's share, he explained, depends on its number of 5 through 17-year-olds from families earning less than $2,000 annually or those above this level who receive aid for dependent children.

Largest Share

Largest entitlement, $15,130,384, went to Los Angeles Unified School District. San Francisco Unified qualified for $3,466,127, and San Diego Unified is eligible for $2,601,742.

Lemon Grove District's entitlement is $43,459.24 and La Mesa-Spring Valley's is $148,822.63 while the total available to all districts headquartered in San Diego County is $4,977,346.33.

The program is called for in the Elementary and Secondary Education Act of 1965 which was signed by President Johnson April 11 and funded last month.

Funds Available

"This is the first time that sufficient funds have been available to make real improvements in the achievement levels of low-income youngsters," Riles commented. "We will need bold, creative thinking on the part of local school officials to realize fully the potential of the act."

Under the act and subsequent state legislation by Sen. "J" Eugene McAteer of San Francisco, the Board of Education is responsible for reviewing project applications and approving funds.

Assisting the board in determining priorities will be the newly-formed Advisory Compensatory Education Commission. It is headed by Herman Gallegos of San Francisco, and Riles serves as executive secretary.

Proposed Projects

Riles expects that preschool training, special teachers, lay teacher aides, smaller classes, expanded counseling, supplemental health and food services, work-study coordination, cultural experiences and visits to parents by teachers or social workers will be among the proposed projects.

Funds must be spent only in schools having a concentration of disadvantaged children, but once a project is begun all pupils who would benefit from it are eligible to participate.

In addition to the federal funds, the state has allotted $1 million for compensatory education. Most of this money is earmarked to improve teacher training, to experiment with new teaching techniques and to demonstrate the methods which prove effective.

American History Is School Program

The November meeting of the Parents Guild of St. John of the Cross school will be held Tuesday at 8 p.m. in the school auditorium.

WRIGHT GRADUATES

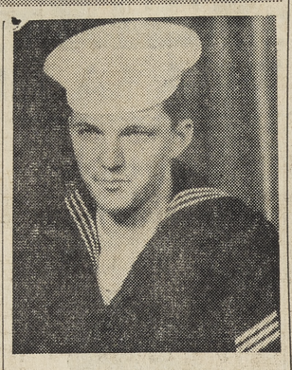
Marine Private Danny R. Wright, son of Mr. and Mrs. Henry J. Wright of 1205 Carlsbad St., Spring Valley, was graduated Oct. 7 from Marine recruit training at the Marine Corps Recruit Depot in San Diego.

During his eight weeks of intensified recruit training under veteran non-commissioned officer Drill Instructors, he learned small arms marksmanships, bayonet fighting, and methods of self-protection, as well as receiving instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

Under the intensified program he received all the training given in 12 weeks. The stepped up schedule has been instituted to help the Marine Corps expand its strength as directed by the President.

He has been assigned to Camp Pendleton, Calif. for at least four weeks of advanced infantry combat training before being assigned to a school or to a Marine combat or support unit.

The term—"the real McCoy"—was born during Prohibition. A rum-runner by that name boasted he handled only "the real McCoy." Now it's slang for anything genuine.



SEAMAN WIEST

During his training, he became proficient in the operation, maintenance and repair of radio receivers and transmitters, radio direction finders, telephone and telegraph equipment, and teletypewriters.

He also became familiar with distress procedures and the Merchant Vessel Reporting System Communications, very important in carrying out the Coast Guards primary mission — protection of life and property at sea.

The airman is a 1963 graduate of Mount Miguel High School.

Marine Reserves Seek Donations For Civic Action Fund For Viet Nam

Marine Reserves, urging support of the citizenry, are squeezing the trigger that will send dollars instead of bullets against the Viet Cong.

It is the "Marine Corps Reserve Civic Action Fund for Vietnam."

Donations are being sought by the 4th Tank Battalion, USMCR, at Miramar Naval Air Station, San Diego, and are collected by CARE, a government-approved agency with the means to direct funds where they are needed.

Special donation envelopes are available to civilians at the Training Center, located at Murphy Canyon Rd. and U. S. 395. They also can be obtained by telephoning 277-5635, said LtCol. Raymond W. Quint, USMCR, commanding officer.

Reservists will direct the donations to CARE for the purchase of food, clothing and medical supplies for the more than 600,000 refugees and more than 40,000 orphans in South Vietnam.

Tax-exempt contributions are potent ammunition to bring the support of the Vietnamese against the Viet Cong, the colonel said. The supplies will be turned over by CARE to the 3rd Marine Amphibious Force for use in Civic Action programs.

Reserves will not be mobilized until they have a prescribed mission in the war. But they are activating themselves in what President Johnson terms a third phase of the war, and a steady barrage of donations could determine the outcome, Lt.Col. Quint said.

Mr. Johnson, in a message last May, said that the third phase of the war is that of human need. He sought the aid of "Every person in this country to help in Vietnam."

Bullets fired in combat can defeat the Viet Cong and bring stability to South Vietnam but the third battle—that of human need—must be won without a shot being fired, LtCol. Quint said.

GUNSMITH KEMPTON

Airman First Class James G. Kempton, son of Mr. and Mrs. Joseph E. Kempton of 911 Range View St., Spring Valley, is now in Viet Nam in the fight against Communist aggression.

Airman Kempton is a gunsmith in the Pacific Air Forces, the nation's combat-ready air arm guarding the 10,000 mile Bamboo Curtain.

The airman is a graduate of Mount Miguel High School.

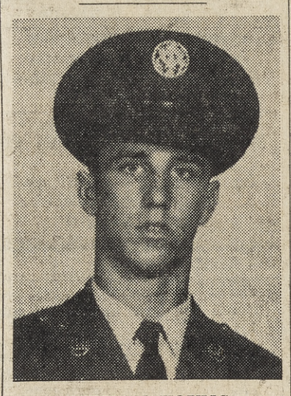
His wife, Nancy, is the daughter of Mr. and Mrs. Gilbert Baumann of 3235 S. 84th St., Milwaukee.

BASIC TRAINING

Charles Osberg II, son of Mr. and Mrs. Charles L. Osberg of 8349 Robbie Way, Lemon Grove, has completed six weeks of basic training at Lackland Air Force Base.

The airman third class is currently waiting further orders. He is in electronics in radar warning systems.

Osberg graduated from Mount Miguel High School in 1965 and went into the Air Force in September.



AIRMAN YOUNG

Airman David R. Young, son of Mr. and Mrs. John E. Young of 7204 Colony Rd., La Mesa, has been assigned to Travis AFB, Calif., after completing Air Force basic training.

The airman, a graduate of Helix High School, will be trained on the job as an athletic and recreation specialist with the Military Air Transport Service.

NORR PROMOTED

Airman Norr is a draftsman at Elmendorf AFB, Alaska. He is a member of the Alaskan Air Command which provides airpower for defense of Alaska and the top of the free world.

The airman is a graduate of Mount Miguel High School.

CAIN RETURNS

Aviation Machinist's Mate First Class John W. Cain, USN, husband of the former Miss Olive M. L. Christianson of 8555 Golden, Lemon Grove, has returned to North Island Naval Air Station in San Diego after a six-month deployment to the Western Pacific with Air Anti-Submarine Squadron 33.

He has been awarded the Armed Expeditionary Medal for his participation in support operations with the U. S. Seventh Fleet in the South China Sea off the coast of Viet Nam.

While in the Western Pacific, his squadron was deployed aboard the aircraft carrier USS Bennington. Both the ship and squadron visited ports throughout the Orient, including Yokosuka, Sasebo and Hakodate, Japan; Subic Bay, Republic of the Philippines; the British Crown Colony of Hong Kong; Bangkok, Thailand; and Pearl Harbor, Hawaii.

EXTENSIVE COURSE

Navy Ensign Bruce C. Edenfield, son of Mr. and Mrs. Charles E. Edenfield Sr., of 1258 Purdy St., Spring Valley, is undergoing an intensive six-week course in airborne navigation at the Naval Air Station, Corpus Christi, Tex.

Upon completion of this course, he will receive 15 hours of flight support lectures and 80 hours of inflight navigation training. After graduation of the inflight training, he will be a qualified navigator and will receive the "Wings of Gold" of a Naval Flight Officer.

Social Security Question Box

By Guy Deeks

QUESTION:

I'm thinking of joining an investment club. If I do, how do I report the dividends or capital gains I might receive?

ANSWER:

The way you report this income depends on how the investment club is organized. Many of these clubs are considered partnerships so that income and expenses would be reported under the provisions covering partnership income. Some clubs are incorporated or operate as an association with the characteristics of a corporation. Should this be the case, then the provisions governing corporations apply. These provisions are explained in Internal Revenue Document No. 5448, "Investment Income and Expenses," which is available free at your local Internal Revenue office.
